It is my fault I did not run for re-election last year. I missed the date. I did, however, enjoy the honor of being elected an honorary member of the Board. Having no vote was not a problem. I feel I would contribute the most by being a regular member of the Board. I would continue to strive for more ways to provide money for Massbred horses. I've been a breeder of Massbreds since 1962 and owner-trainer longer.

Your vote would be greatly appreciated.
